Mr. Carothers, several days ago was instructed to make no further representations to tien. Villa and officials pointed out that no negatiations of such a character would be carried on by any representative of the United States.

What is believed to be a guganile scheme to rush Gen. Villa to abandonment of Sonora, his revolutionary program and force him into withdrawing to United States territory was reported in authentic circles in El Paco Monday morning as well inder way.

While the United States has for some time granted amnesty to all Villa officials who would quit their chief and come to this side of the line for the amounced purpose of disenguaing in further warfare, it is said that a special point is to be made to reach Villa and guarantes him immunity if he takes refuge in the United States. The United States has granted permission to the Carrancista troops in bond to reinforce Gen. P. Elias Calles in his defensive position in Agua Prien.

It is not generally believed that anything like this number of troops will be sent, because of the heavy cost of transportation. They are to be sent from Larede and Eagle Pass and will be accompanied through American territory by United States Iroops.

Permission for the movement was granted by the United States lais Saturday.

How To STOP THE WAR.

McNear, Ariz., Oct. 22.

Editor El Paso Herald:

Now that the peace conference of the Latin speaking countries has brought about a seeming solution of the Mexican troubles. I suppose every effort will be brought to bear on the whole-sale slaughter of men in Europe. If the women in Europe want this was stopped they can stop it in a very simple manner. If they would rise up as one woman and insaid on every mation withdrawing their red cross nurses and dectors; refuse to cook and sew and knit for their men at war, refuse to nurse their wounded soldlers, take their bables in their arms; their children by the hand, and march as one woman between these batteries of warring brules, the inschine gums would stop.

These beasts are not fighting as men.
